

"When educating the minds of our youth,  
we must not forget to educate their hearts."  
-Dalai Lama

# **G.K. GURUKUL**

---

**G.K. Gurukul is the dream project of visionaries of Pune, whose only objective is to give back to the society for all that they received from the "Vidyache Maherghar".**

G.K. Gurukul is founded by an elite group of professionals. Just like an iceberg is 90% below the water and 10% above the surface so is an individual. When we apply the iceberg phenomenon to a student we understand that 90% of its personality is education, which helps in building a rock solid foundation for life. The most powerful institution for an individual is its school.

The logo symbolizes Goddess Saraswati; an embodiment of knowledge and wisdom. We at GKG strive to make our student's journey enriching in the quest for excellence in education.

## GKG SCHOOL AT PUNE

The school is located at the prime location of Pimple Saudagar. This area has attracted people from across the nation, making it one of the most sought out cosmopolitan locality. Being centrally located to the ever expanding metropolitan Pune, this area is the first choice for the workforce from the IT and the Manufacturing world. G.K. Gurukul aims at serving this very purpose, thus leading a big void for quality education.

With the most beautiful and impressive infrastructure, supported by sophisticated equipment and technology enabled classrooms. The school is affiliated to the Central Board of School Education (CBSE).

"Curriculum to nurture the body, mind and spirit."

It aims to provide quality education for the holistic development of the students. Various workshops are conducted for the students, parents and the teachers. Various activities and events are also conducted in the school as well as inter school to enhance the student's confidence. We wish to develop in each a mastery of skills of communication the ability to think clearly, logically and independently and appreciate our rich culture.

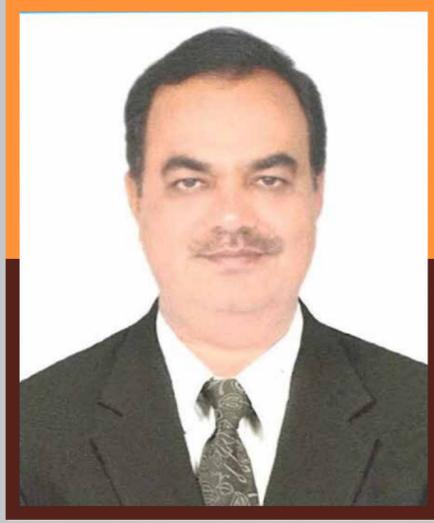

## VISION

**To empower students to acquire, demonstrate, articulate & value knowledge & skills that will support them, as lifelong learners, to participate in & contribute to the global world & practice the core values of the school.**

## OUR TEACHING METHODOLOGY

We use STEAM Learning methods. STEAM is an acronym for Science, Technology, Engineering, Arts and Mathematics. Using experiential learning methods STEAM is embedded in G.K.G learning process. We believe in providing the platform which challenges the young minds and instills in them a pride to strive for the unknown yet fulfilling journey called 'Life'. Creativity in education is 'Doing Common Things Uncommonly' we strive every day at G.K.G to scale new heights.

## FROM DIRECTOR'S DESK

### Mr. Vinod Chandwani

Shree Vinod Chandwani ji is a visionary and a top ranker Civil Engineer by profession who believes that Education is the Backbone of a Nation. It is the citizens who create societies and civilizations. According to him, natural resources are just peripheral factors which contribute to prosperity of a society. However, education is the key instrument to national human resource development.

With a Vision of providing quality education in places where it's not available he established the G.K. Research Foundation in 2014 and G.K. Gurukul school is its first creation.

His thought is India has been among the fastest-growing economies in the world in the last decade. However, low-quality education is crippling India's growth as it's emerging workforce is unable to cope with the demands of a 21st-century economy.

He wants to support the 'Skill India' scheme and unlock the true potential of our human capital, he says we must transform our school and higher education system to prepare our students for life and the workplace.

His vision of G.K. Gurukul is one such effort in the direction of skilling by providing, a great infrastructure with ample space for playing and learning enhanced by a great location.

G.K. Gurukul was founded by an elite group of intellectuals and professionals. The cherished goal of this organization is to propagate the profound message of our scriptus, while equipping the student fraternity to match the Global standards of Education. This ingenious institution as the name aptly suggests endeavors to form a beautiful blend of our rich, varied heritage with the latest modern technology.

Sensitizing parents and teachers such that no student is hurt physically or emotionally. We seek to develop an environment at home and in the School where the student is nurtured, not criticized, where criticism is given as constructive advice which results not in loss of his self-esteem, but in strengthening of a strong and confident self-image to do better in life.

**'Education is our passport to the future,  
for tomorrow belongs to the people who prepare  
for it today.'**

**— Malcolm X**

## FROM PRINCIPAL'S DESK

### Mrs. Mayuri Mehta

Dear Parents,

Shaping young, impressionable minds is one of life's biggest challenges. At G.K. Gurukul, we aim to empower our students to grow as individuals with strong open discerning minds. Our distinctive academic programmes and innovative teaching methodologies encourage students to develop critical-thinking and learn through enquiry and reason. We encourage them to exchange thoughts and ideas, to develop key personal and social values, to take ownership of his/her choices and to set goals to realize their own unique potential.

As preceptors, we consider it our foremost duty to send out students who have been groomed in all facets of life and fulfil the target set by us all of becoming the most responsible and dedicated citizens of the country and the global citizens, as are the demands of the times. Thus, providing holistic development to all students is our aim.

Mrs. Mayuri Mehta  
Principal

**“The purpose of education is to make good human beings with skill and expertise. Enlightened human beings can be created by teachers”**

**- A P J Abdul Kalam**

# **SPECIAL FEATURES OF THE SCHOOL**

## **CLASSROOMS**

We have the most spacious well lit, ventilated and brightly coloured classrooms. Our classrooms are one of the most salient characteristics of G.K. Gurukul. They are secured with cameras, Smart boards, LCD projectors, comfortable benches and a learning conducive environment.

**"For each child there is an ideal environment a specific way of nurturing that makes learning vibrant & colourful".**

## **LIBRARY**

The G.K. Gurukul school library is where students, staff and occasionally parents too have access to a variety of resources. The goal of the school library is to ensure that all members of the school community have access to books, reading, information and resources.

In our library we develop each child's natural curiosity and sense of wonder in the world by exposing student's to a wide spectrum of reading themes such as fantasy, adventure, nature, comic, suspense, biographies, autobiographies general knowledge, scientific literature, novels, stories and much more.

**WE BELIEVE THAT  
'READERS ARE THE LEADERS.'**

## **LIBRARY ACTIVITIES :**

We conduct different library activities to inculcate and improve the reading habit in students. These activities are mainly focused on, increasing students interest in reading and learning.

Activities are as follows: Bookmark making, Vocabulary book making, Patriotic and Inspirational stories week, 'Epics of India' week, Word game, 'Library fun' a book based riddles activity, Newspaper reading activity, 'Fact finder' activity

Student excelling in the above activities are awarded with the 'Star Reader of the month' & his or her name will be displayed in the library. At the end of the year 'Best reader of the year' award will be given to the student who will perform well throughout the year in the library activities.

## **ROBOTICS LAB**

To enhance the technological aspect, to bring the desired changes into students, to meet the challenges of 21st century skills such as critical thinking, problem solving, decision making & hand motor coordination, the school proposes to integrate STEAM (Science technology, Engineering Arts & Mathematics) through the Robotic Lab

At GKG we are pioneers for creating a Robotics lab. Here students assemble small robots, play with them and learn about robotics and engineering. They learn the fundamentals of Physics and Mechanics which opens their minds and makes them 'Future Ready'. The robotics lab helps them build logical thinking as they make the Robots perform various tasks. Learning can be fun too! This boosts their confidence, sense of achievement and satisfaction to a level that they don't want to get out of the lab.

## **MATHS LAB**

To enhance mathematical skills in students, the school has an excellent Maths Lab which is well equipped with tools to facilitate learning and internalization of abstract concepts of Maths. The learning aids provides hand on experience and a practical approach to understanding complex concepts in maths and makes learning fun.

## **COMPUTER LAB**

The lab is well equipped with computers of the latest configuration having high speed internet facility for network access for students. The information technology curriculum has been planned to keep the latest trends in force, so as to give the right exposure to students on various technologies and software.

## SCIENCE LAB

Science Labs provide facilities and opportunities for students of all age groups in carrying out experiments and activities for all science subjects.

The school has well-equipped and well-stocked Composit, Physics, Chemistry and Biology Laboratories where specimens, models and picture-charts are used as effective tools to teach Science. The laboratories are well designed, airy and well-lit. A lot of thought has gone into making the labs safe and student friendly.

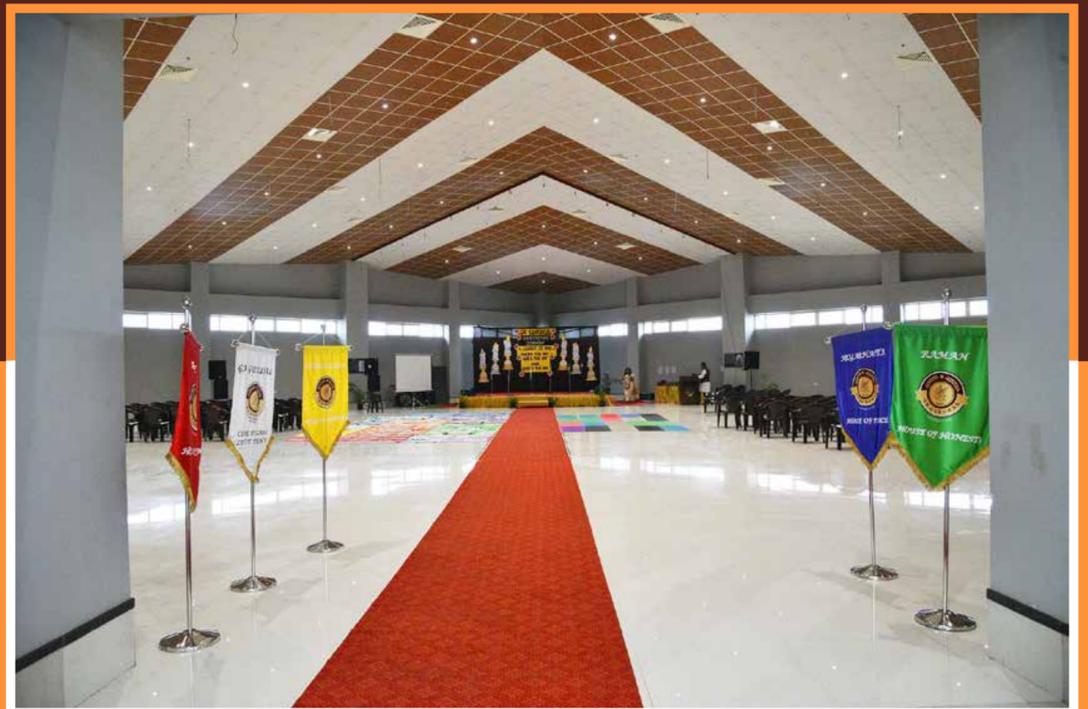

## HEALTH CARE FACILITY

The School has a well-equipped infirmary and a qualified medical staff. Medical check-up and safety awareness sessions for all the students and staff are conducted annually.

## MULTIPURPOSE HALL

A magnificent multipurpose hall to contain over 1000 seats serves as an assembly hall for various school functions.

# SPORTS

**Our aim  
is to inculcate the spirit of team  
work and competitiveness in all  
students to make them attain  
new heights...**

Sprawled over 20000 sq.ft., the sports ground also forms the essence of the GKG infrastructure. The school ground is well equipped to train students in various sports like Cricket, Football, Basket Ball, Volley Ball, Taekwondo and Cricket.

**Enriching Experience Recreational activities  
bring out the creativity of a student in the most  
productive manner.**

## **INVENTIONS IN MUSIC - COLLABORATION WITH TORRINS**

In our endeavor to bring world class music education programme for students, G.K, Gurukul has partnered with TORRINS to bring you an innovative, integrated offline-online music programme as a part of our Music Lab. Last year in partnership with Ehsaan Noorani (of Bollywood music director trio Shankar-Ehsaan-Loy fame), TORRINS introduced its e-learning program for schools in India with a mission to use technology & innovation to spread music education all over the world. Throughout the school year, fully-trained instructors by TORRINS, will be teaching lessons on VOCALS, GUITAR, PIANO, and DRUMS following a unique curriculum, developed in association with US-based music education specialists.

## SPEECH AND DRAMA

To be successful and meet the global challenges, students need to be dynamic and confident, bold and articulate. With opportunities for expression and verbal eloquence the students are groomed under the guidance of certified trainers. The students are engaged in a Self-development drama programme that will nurture qualities such as.

- Enthusiasm and Optimism
- Ongoing Confidence
- Self-Esteem
- Verbal Communication Skills
- Effective Social Interaction
- Performance Skills

The programme strongly believes in the power of positive motivation and encouragement for bringing out the potential of each child to its fullest within his/her own space.

## SCHOOL CINEMA

School Cinema is an innovative film-based learning module that reaffirms life skills & values for students

## SCHOOL CLUBS

The goal of G.K. Gurukul is to provide holistic education by balancing academics with extracurricular activities. The syllabus is designed to make learning less stressful for the students without compromising quality. That's why we have created programs such as school clubs that cater to various interests.

The importance of club activities for students is as follows:

### ○ CREATIVE SKILLS

This club gives an opportunity for students to develop their interactions among groups, enhance their creative and leadership skills.

### ○ ICT SKILLS

ICT club aims to improve the ICT skills by nurturing their creative and programming skills, and sharpening their research and presentation skills.

### ○ SOFT SKILLS

Soft skills are essential human skills that allow us to communicate effectively with others, such as communication, attitudes, and work ethic.

### ○ LEADERSHIP SKILLS

Students gain skills in leadership, communication, teamwork and socialization through this club.

# FACULTY

# GROOMING LEADERSHIP IN STUDENTS

## A STRONG PARENT PARTNERSHIP BOND

Parents play a vital role in the holistic development of their children. G.K. Gurukul believes in establishing a strong parent partnership through regular parent training sessions and workshops to keep the parents abreast with the current trends in parenting and challenges faced by the current generation.

## TRANSPORT FACILITY

- For the convenience of the students the school provides outsourced bus facility.
- Those who are interested in availing it shall register their ward's name at the time of admission.
- Every registration is for 12 months. The bus charges for the year is payable in two installments. CCTV cameras are installed in every bus.
- Every bus is GPS enabled.
- Each bus has a lady attendant.
- Every bus is equipped with first aid box and fire extinguisher.
- Every possible care is taken to ensure the student's safety and security. The school endeavors to give regular and punctual bus service.
